Subject: RE: Briefing Memos on Vatican Events

[Ex. 6 - Personal Privacy] can you please confirm the times for the various morning events so that we can update the schedule?

And of course, any/all additional details on these meetings will be welcome so that we can update the Administrator's briefing materials.

Thanks and regards,
Anna

We would like to stick with Cardinal Turkson's deputies. Can you forward their bios?

Thanks, Mark

Subject: RE: Briefing Memos on Vatican Events

Hi Anna and Mark;

A quick update from the Vatican side: We are set for the air filtration / solar panels tour with the Vatican's Chief Engineer and the meeting with the Secretariat of State. However, since Cardinal Turkson is out of town those days, we have two possible alternatives for a third meeting on the morning of June 7:

One option would be to meet with Turkson's deputies in the Dicastery for Integral Human Development, Dr. Flaminia Giovenelli and Dr. Tebaldo Vinciguerra (who played a large role in drafting Laudato Si and met former EPA Administrator McCarthy during her visit); or alternatively our Charge suggested he could meet with Bishop Sanchez Sorondo of the Pontifical Academy of Sciences, who hosts conferences at the Vatican on a wide variety of scientific and environmental issues (bio attached). Giovenelli and Vinciguerra could be more substantive, but Bishop Sorondo is higher ranking. Let me know what you prefer.

Another important update for you – since the other Vatican tours and masses are personal in nature and privately arranged, our Charge has decided that we will <u>not</u> accompany for that portion of the schedule. So the Charge and I will be with you just for the morning of June 7th during the official meetings.

Thanks,

Subject: Briefing Memos on Vatican Events
Importance: High

Hi [Ex. 6 - Personal Privacy] – We appreciate all of your efforts in making arrangements for the Vatican portion of Administrator Pruitt's upcoming mission to Italy.

We are beginning to put together event memos for the Administrator's briefing book and will welcome receiving details as available on the various Vatican events. FYI, we will be using the attached format to give you an idea of what will be needed. However, we will be happy to take the information you have in whatever form you can provide and we will put it in the proper place.

FYI, we have been asked to keep the briefings short, crisp and focused so there won't be a need to write anything lengthy and only key information will be needed. In addition, your recommendations on any useful (targeted) background material also would be welcome and appreciated.

Thanks again for your help!

Best,
Anna
